

## **\*NEW\* Opportunity for Early Years practitioners in Staffordshire to join our safeguarding forum**

Staffordshire Safeguarding Children Board are committed to engaging with partners and practitioners so that your voices can help us shape the future of safeguarding arrangements across the children's landscape in Staffordshire. Working together with a shared commitment to put children at the heart of everything we do, we can improve outcomes and lives of those we strive to serve.

**The Board would like to seek your interest in a new Early Years Safeguarding Forum which aims to capture your thoughts, ideas, wishes, challenges, barriers, and feelings.**

We want to create an opportunity for you to meet with us and with each other to discuss what is going well, what are the barriers you face and how valued you feel in terms of safeguarding processes and procedures, how you feel as professionals about your safeguarding roles and how well do you understand other professionals' roles as well as the Boards.

With your help we can build relationships, learn lessons, and discuss innovation as well as listening to your voice and working together to co-produce solutions.

If you would like to participate in our forum and are working in an early years setting in Staffordshire we want to hear from you.

The frequency of the meetings is up to you, mid-morning, mid-afternoon, evening? The meetings will begin in mid-September and will be held virtually on Teams. We are seeking your interest and support, would you be interested in attending these meetings and being part of this new group to discuss, challenge, inspire and commit to working with us and each other to make a difference to the challenges we face safeguarding our children across Staffordshire.

Take a moment to express your interest [here](#) Closing date August 5, 2022.
